REGIONAL OFFICE: RUSSAKA PLY INDIA LTD. 286/12-C Lilashah Nagar, Gandhidham - 370201, Gujarat. T: (02836) 235866, 229454, F: 233428

Why 100% Gurjan PLY?

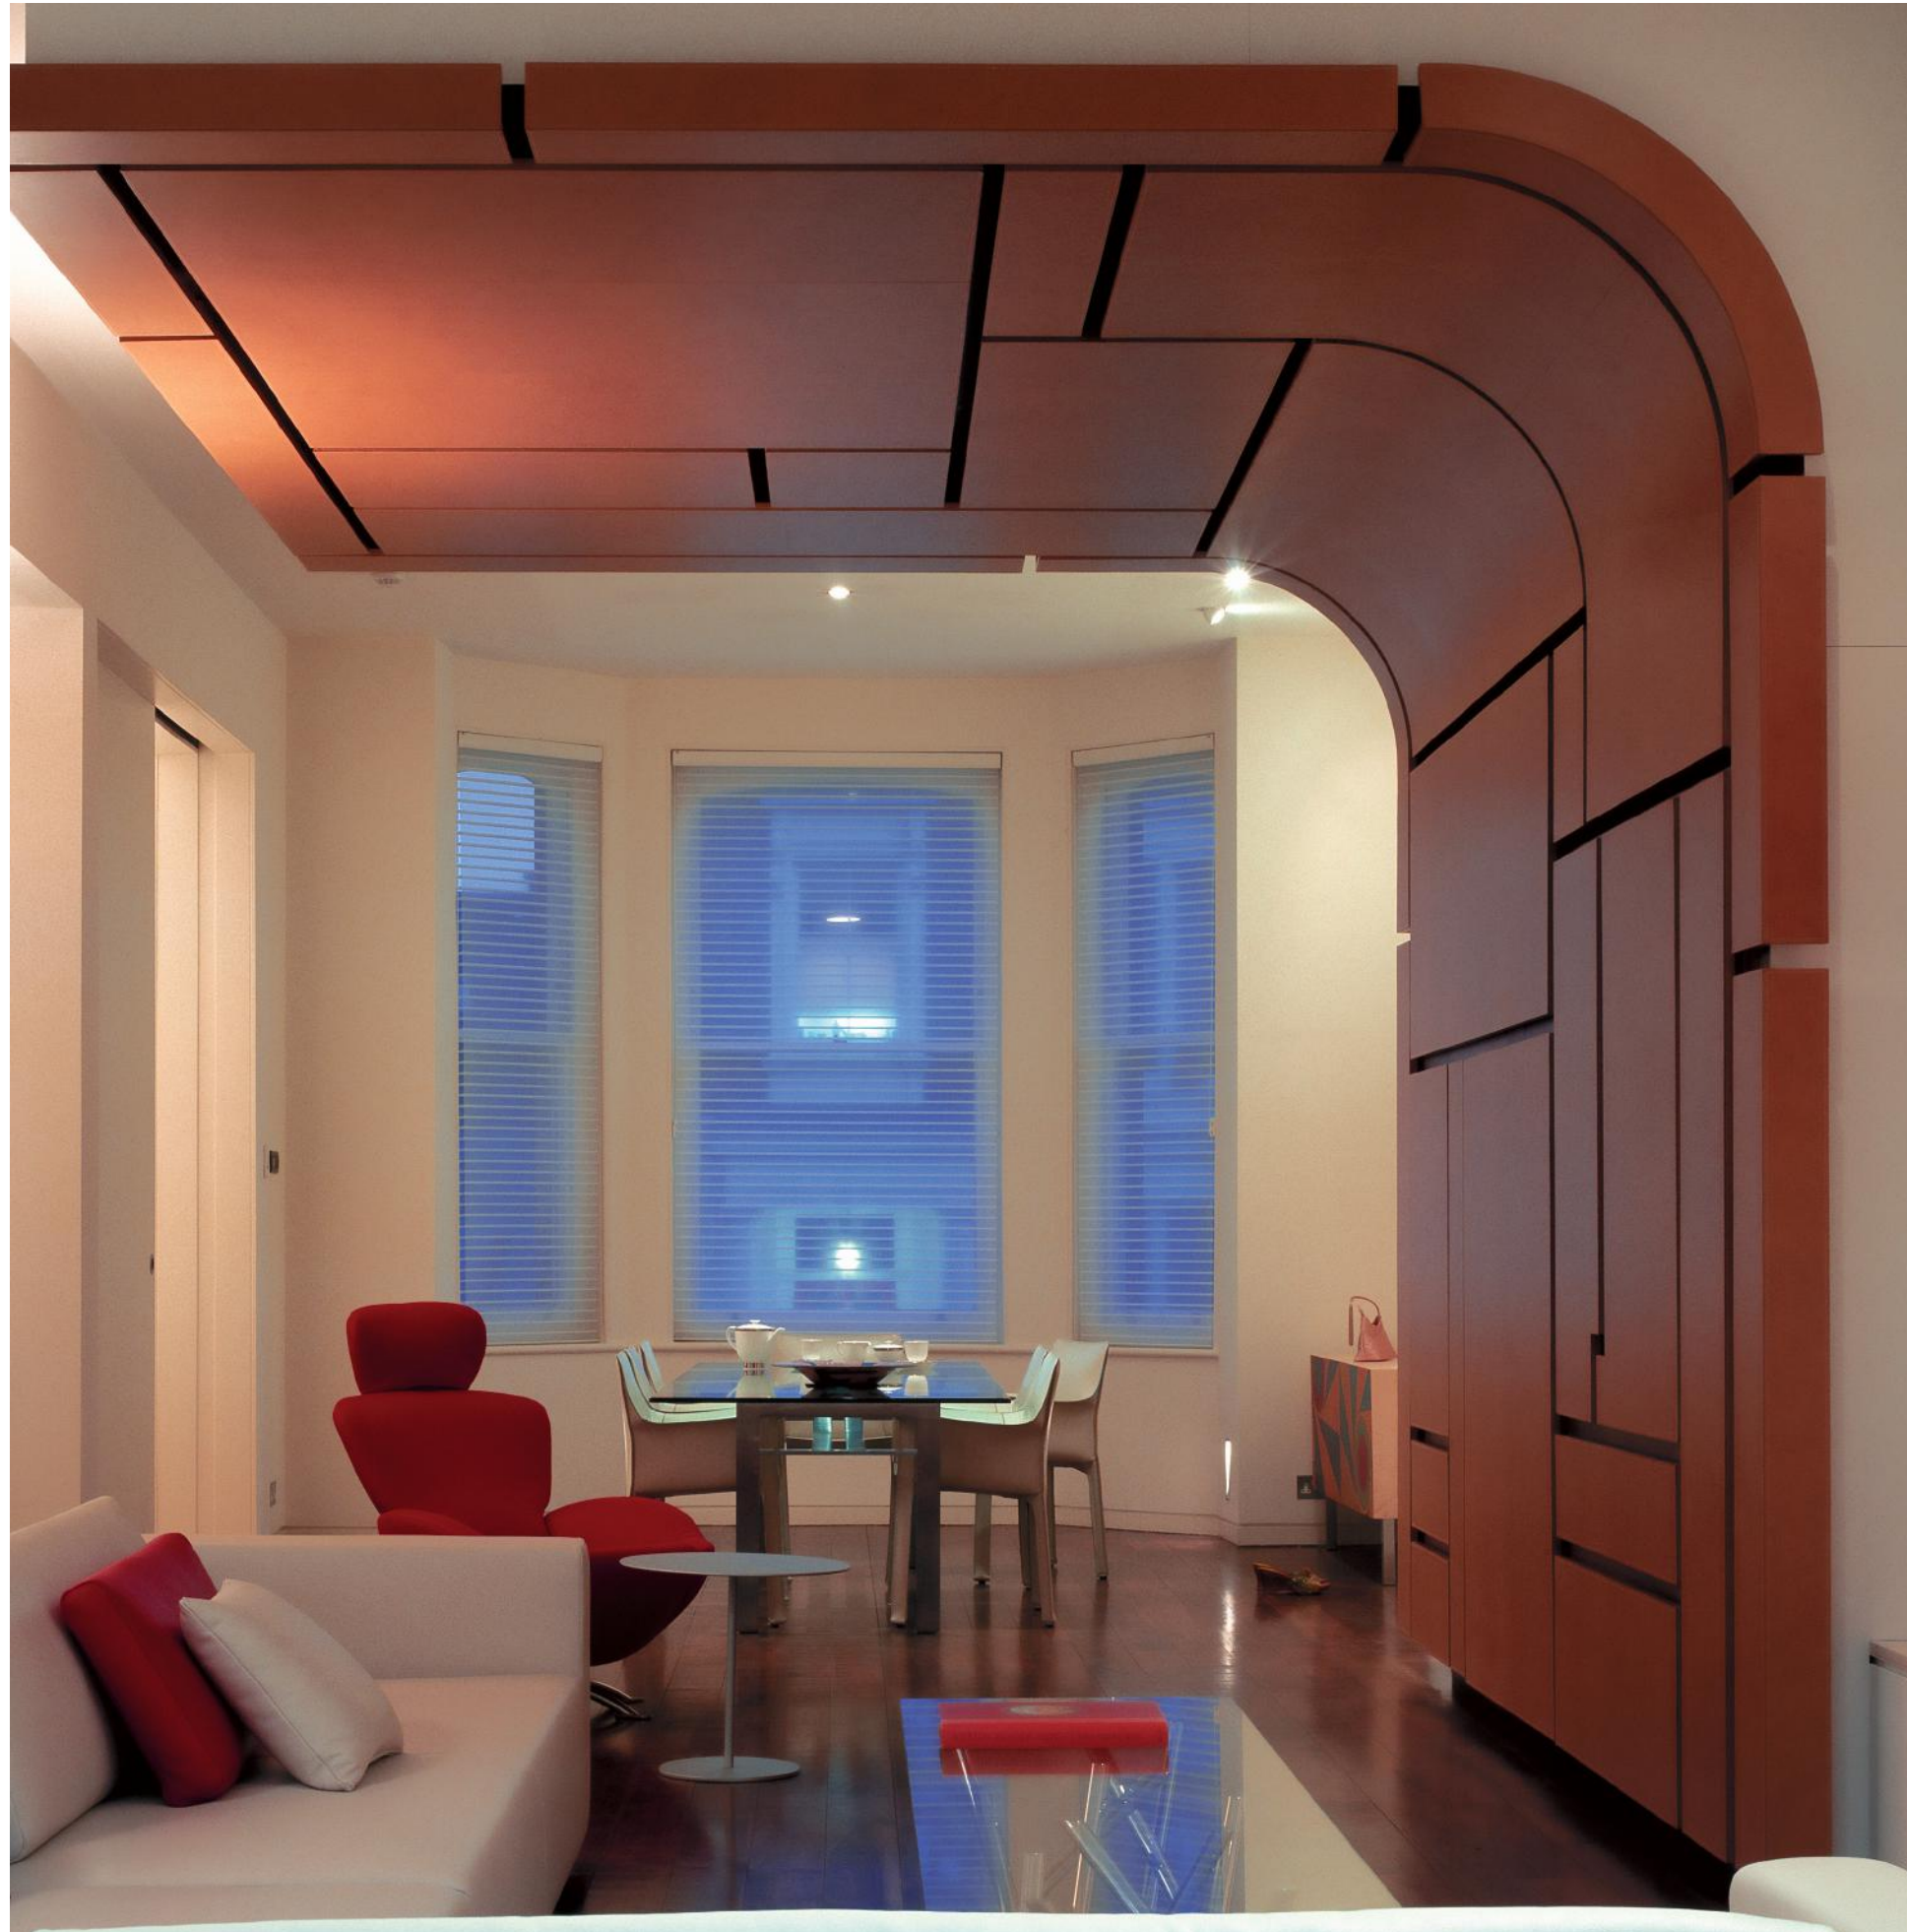

- 100% Gurjan Ply is made purely from imported hardwood. Unlike other, so called Gurjan Ply, made mixing imported hardwood and Indian softwood
- It's made with mature wood from trees that are at least 100 years old whereas the alleged Gurjan Ply, fabricated with immature wood, of just 5 to 10 years old
- 100% Gurjan Ply is stronger than normal Gurjan as it is densely packed throughout layers
- Bonded firmly, using single species of wood to give superior strength

Born in the year 1989, Swiss Ply has made its mark as a leader in manufacturing top grade plywood. Ascending from a modest Mumbai unit manufacturing veneer, to the foremost and only player offering a wide range of 100% Gurjan plywood since 21 years, Swiss Ply has now ventured into Gujrat establishing yet another manufacturing unit substantially expanding production capacity. Throughout the glorious journey of expansion, the environmental conscious company has followed its high standard in every stride. Moreover, Swiss Ply is affiliated with a host of renowned certifications namely, ISO 9001, ISO 14001, ISI 303, ISI 1659 and OHSAS 18001 reinforcing the brand belief and pride of association. With a focused approach of offering strictly 100% Gurjan Plywood, Swiss Ply strives towards reinventing the usual and creating new avenues to provide the highest quality of plywood at modest rate uplifting the standard of living through, "Good Wood".

SWISS PLY[™]

Indeed it is a wood life!
A life that walks along swiftly
Through an array of phases
Phases good or bad
It keeps on walking unassumingly
In the wise company of wood
Whether it is a kiddie walker
Or an aging walking stick
Whether it is the school bench
Or a lavish home décor
Wood has a role to play
In our glorious life story
And isn't this strikingly amazing
That we commence our journey
On a comfortable cradle
And conclude it on a warm wooden bed
To reassure the enduring association
And the strongest bond of life.
Little wonder then, it is a wood life!
